

Technical Review Board Memorandum

Date: May 30, 2016

Issue: **Seismic Project Identification Report (SPIR) Guidelines Edition 2.2**

Discussion:

The latest SPIR Guidelines update, Edition 2.2 have been released and incorporate the following significant revisions:

- (a) SPIR contributions from architectural, mechanical and electrical engineering services (Chapter 4, SPIR Blank Template Chapter 10 and Appendix B);
- (b) Revised SPIR consulting fee schedule (Appendix D);
- (c) Revisions to the door-jamming provisions in Appendix G (OFCs Requirements).

The SPIR Guidelines Edition 2.2 is available on the Association of Professional Engineers and Geoscientists BC's (APEGBC) 'School Seismic Upgrade Program' web page at:
