

ACADEMIC EXAM DEFERRALS: FOR ENGINEERS AND GEOSCIENTISTS BC APPLICANTS

The exam deferral process has been updated to better align with the online exam format and for Engineers and Geoscientists BC and its service providers to effectively prepare and deliver online academic exams to candidates across Canada. Registration and bookings are a critical part in estimating candidate volumes, securing exam dates and ensuring adequate proctor resources to support our candidates on exam days.

- Candidates may defer their exam(s) **free of charge** by the specified date under “*Free Deferral Deadline*”. See table below.
- After the free deferral deadline, candidates may defer their exam(s) **for an additional fee(s)** before the deadline under “*Paid Deferral Deadline*”. See table below.
 - Deferral to a future session is \$220.00 plus GST.
- Candidates will not be able to make changes or defer their exam after the date stated under the “*Paid Deferral Deadline*”.
- If a candidate does not appear for their scheduled exam, the exam fee is forfeited.
 - It will be considered a failed exam attempt (e.g., zero score) if a candidate opens their online exam in AssessBank – even if they decide not to continue with the exam.
 - It will be considered a “no show” if a candidate is scheduled for the exam but does not start or attempt the exam.
