

BOARD MEETING HIGHLIGHTS: JUNE 19, 2026

Engineers and Geoscientists BC's Board of elected registrants and public representatives meets throughout the year. The following are the highlights of its June 19, 2026, meeting.

BOARD APPROVES ORGANIZATIONAL REGULATORY PRINCIPLES

The Board approved Engineers and Geoscientists BC's Regulatory Principles, a guiding document for the organization that will be a key reference point for the Board in the development of their next Strategic Plan.

The key changes following the Board's approval in principle in September 2025 include more precise language to reduce ambiguity, a reduction in overlap across principles, and incorporating accountability as a theme. The principles will be published on Engineers and Geoscientists BC's website in the coming months.

BOARD APPROVES AGM 2026 RULES AND AGENDA

The Board approved the rules and agenda for the 2026 Annual General Meeting (AGM 2026). The AGM will be held on Wednesday, October 14, 2026, at 2:00 PM PST using a hybrid format, allowing registrants and other guests to attend online or in-person in Victoria, BC.

Among other minor procedural changes are updates to how questions or debate comments will be shared at this year's AGM. The Chair will alternate between two in-person questions or comments, followed by three online questions or comments, repeated. This change allows for greater participation from the online audience as most AGM participants attend virtually. As in prior years, comments and questions may be submitted by in-person and virtual attendees.

CEO REPORT

The Board received an update from Engineers and Geoscientists BC CEO Heidi Yang, P.Eng., on various topics, including:

- the National Technical Exam Information Portal Project and the Enhancing Administrative Fairness Project. These government grant-funded projects aim to help reduce barriers for internationally educated applicants in accordance with the *International Credentials Recognition Act*;
- the public awareness campaign's early results, which saw television ads generate 3.3 million impressions and YouTube yield 340,000 completed views. Final analysis will be available alongside Engineers and Geoscientists BC's annual Public Opinion survey results later this summer;
- Engineers Canada's Annual Meetings and CEO Group meetings held in Calgary from May 20-23, 2026, where discussions focused on areas of potential collaboration and harmonization, aging

infrastructure, and artificial intelligence. Additionally, the per capita assessment fee for 2028 was set for \$12 per registrant; and

- Geoscientists Canada's Annual Meetings held in St. John's, New Brunswick, June 5-6, 2026. Engineers and Geoscientists BC representative to Geoscientists Canada, Antigone Dixon-Warren, P.Geo., was also announced as President Elect for 2027-2028.

OTHER REPORTS PRESENTED

The Board received reports from staff and representatives on the following additional topics:

- The Board approved the April 17, 2026, and May 27, 2026, Open Meeting minutes as circulated.
- The Board received an update on Engineers and Geoscientists BC's Strategic Plan and the organization's KPI Report from COO Alison Dantas.
- The Board received its annual update from Engineers and Geoscientists BC's representatives to Engineers Canada Ann English, P.Eng. (non-practising) and Mark Adams, P.Eng., who presented an overview of Engineers Canada's progress on its current strategic priorities.
- The Board received an update from Nomination Committee Chair Mark Porter, P.Eng., Struct.Eng., FEC, FGC on the process followed by the Nomination Committee to identify and select candidates to be put forward for the four vacant Board positions in the 2026 Engineers and Geoscientists BC Board election.
