

MOTION SUBMISSION GUIDE

The Annual General Meeting (AGM) is an opportunity for registrants to hear from the Board and senior staff on the organization's strategic progress, key initiatives, and financial standing. It also provides an opportunity for registrants to bring forward motions for the consideration of the Board.

To submit a motion for the AGM, you'll need to provide the full text of your motion, supported by information about how it aligns with the Engineers and Geoscientists BC's Strategic Plan and the motion's importance. Your motion will be reviewed to ensure it is in order for consideration at the AGM.

To be considered at the meeting, motions must be submitted by **5 PM on Monday, September 14, 2026.**

To propose a motion, you must:

- be a registrant in good standing (Engineers and Geoscientists BC registered practising, non-practising or retired professional engineer (P.Eng.), professional geoscientist (P.Geo.), professional licensee (P.L.Eng., P.L.Geo.) or trainee (EIT, GIT));
- have a seconder for your motion who is a registrant in good standing; and
- be in attendance at the AGM, along with your seconder.

Please note that all registrant motions are advisory to the Board.

SUBMISSION PROCESS

MOTION SUBMISSION DEADLINE - 5:00 PM ON SEPTEMBER 14, 2026

To propose a motion, complete and submit the AGM Motion Submission Form by **5:00 PM on Monday, September 14, 2026.**

We strongly encourage registrants to submit motions as early as possible in advance of the deadline. This helps ensure there is sufficient time to support your motion being in order for consideration at the AGM, if any adjustments are needed.

All submissions should indicate how and if the motion supports a strategic imperative outlined in [Engineers and Geoscientists BC's Strategic Plan](#). The Strategic Plan establishes the following vision for the organization: modern regulation for a resilient world. It guides our decisions, steers our organizations, and shapes our future as an inclusive, progressive, and future-focused regulator.

The Strategic Imperatives outlined in the plan establish the organization's priorities over the next five years in pursuit of our vision. These Imperatives are:

- **Trusted Partnerships:** Through tangible actions, we demonstrate to our registrants, the public, government, and industry partners that we are a trusted regulator focused on protecting the public interest.
- **People and Culture:** Our talent, tools, and work environment create an engaged organizational culture.
- **Process:** We have efficient and effective systems in place to enable modern regulation.
- **Social Responsibility:** Our internal and external initiatives advance our commitment to promoting the well-being of society and the environment.

Please note that preambles are not accepted and the motion must begin with “That the Board consider...”

Once your motion has been received:

1. We'll contact you to confirm receipt, and to address any questions we may have about your motion.
2. Your motion will be reviewed by the Chief Executive Officer to ensure it is in order for consideration at the AGM. If any adjustments are needed, we will contact you.
3. As the mover, you will be provided with an opportunity to present a brief (2 minutes or less) introduction to your motion at the AGM.
4. Your motion will be published on the Engineers and Geoscientists BC website and sent by email to all registrants.

REVIEW OF PROPOSED MOTIONS

Only motions that are determined by the Chief Executive Officer to be in order for consideration will be presented at the AGM.

A motion will **not** be in order for consideration at the AGM if:

- it is not submitted in the required form, with complete information, by the required deadline;
- it proposes a resolution which, if implemented by the Board, would be inconsistent with the *Professional Governance Act* and the regulations made under it or would otherwise constitute a breach of a statutory duty;
- it proposes a resolution which, if implemented by the Board, would make, amend or repeal a Bylaw of Engineers and Geoscientists BC; or
- it pertains primarily to a subject that is outside of the regulatory mandate of Engineers and Geoscientists BC or proposes a resolution which, if implemented by the Board, would be outside of that mandate.

PRESENTING YOUR MOTION

The AGM will take place in a hybrid format on Wednesday, October 14, 2026, at 2:00 PM. For more information, visit egbc.ca/agm. **The mover and seconder must be in attendance when the motion is considered.**

Registrant motions will be presented in the order they are received. Only the text of the motion will be presented at the AGM. Any additional information provided in the Motion Submission Form will be used to determine if the motion is in order and will be shared with the Board, should the motion pass. Registrants in attendance may then discuss and debate the motion in-person or online, after which, a vote will be taken.

BOARD REVIEW PROCESS

If registrants approve a motion, it then moves forward to the Board for their consideration following the AGM.

When assessing motions, the Board considers a number of factors, including: the clarity of the motion; the complexity of the motion's scope; resource availability and cost; how the motion fits into our legislative mandate, strategic plan, operational priorities, and approval authority; how the motion fits into the organization's ongoing functions; the cost and benefit of acting on the motion; and whether acting on the motion will expose the organization to unacceptable risk.

Once this assessment has taken place, the mover and seconder will be advised of the Board's assessment of the motion and the anticipated next steps.

HOW TO CONTACT THE ORGANIZATION

Besides submitting a motion at the AGM, we have a number of other ways for you to make your voice heard.

CONTACT US

We welcome your comments and questions at any time. Contact the office at info@egbc.ca or at 604.430.8035 (toll free 1.888.430.8035). Your inquiry will be forwarded to the appropriate staff member.

PRESENTATION TO THE BOARD

The Board has established a policy that enables guests to present issues of importance to them at Board meetings. You can find a schedule of upcoming Board meetings, the policy for guests appearing before the Board, and a request form on our website: [Board Schedules and Agendas \(egbc.ca\)](https://egbc.ca)
