

BOARD MEETING HIGHLIGHTS: MAY 27, 2026

Engineers and Geoscientists BC's Board of elected registrants and public representatives meets throughout the year. The following are the highlights of its May 27, 2026, virtual-only meeting.

BOARD APPROVES BUDGET WITH FEE INCREASES

Engineers and Geoscientists BC's Board approved the organization's 2026-2027 (FY2027) budget, which includes fee increases across several categories. These changes will help the organization provide the required oversight to protect the public, address increased pressure on regulatory programs, and improve service levels to better support our registrants.

Registrants will see a \$20 increase and trainees will see a \$10 increase for annual registration fees, both effective January 1, 2027. This will bring registration fees to \$555 for professional registrants and \$296 for EITs and GITs.

Firms will see a 20 percent increase take effect for the 2027-2028 renewal cycle (beginning in April 2027) – the first fee increase since the introduction of this requirement in 2021. Fees for sole practitioners will remain unchanged at \$250.

For more information on this and other fee increases, read [the article](#) on the Engineers and Geoscientists BC website.
