

## ACADEMIC EXAM DEFERRALS: FOR ENGINEERS AND GEOLOGISTS BC APPLICANTS

The exam deferral process has been updated to better align with the online exam format and for Engineers and Geoscientists BC and its service providers to effectively prepare and deliver online academic exams to candidates across Canada. Registration and bookings are a critical part in estimating candidate volumes, securing exam dates and ensuring adequate proctor resources to support our candidates on exam days.

The following changes to the deferral process were approved by the Credentials Committee in August 2021:

- Candidates may defer their exam(s) **free of charge** on the specified date - see table below.
- Candidates may defer their exam(s) **for an additional fee(s)** before the first day of the exam session. See table below.
- Candidates will not be able to make changes or defer their exam after the first day of the exam session. If a candidate does not appear for their scheduled exam, the exam fee is forfeited.
  - It will be considered a failed exam attempt (e.g., zero score) if a candidate opens their online exam in AssessBank – even if they decide not to continue with the exam.
  - It will be considered a “no show” if a candidate is scheduled for the exam but does not start or attempt the exam.

Examination Session	Deferral Deadline (Free of Charge)	Deferral Deadline (with Deferral Fee)
<b>Fall 2022 (October - December)</b>	September 20, 2022	September 30, 2022 (Last business day before first day of exam session)

*Please ensure that you do not book with eProctor Canada if you plan to defer your exam(s). If you do not cancel your booking before the booking window, you may be subject to additional fees.*

*\*This table will be updated on an ongoing basis*

You can defer your exam online using the [Exam Registration](#) portal (login required).
